RECORD OF PROCEEDINGS

Vail Recreation District August 13, 2009 Meeting Minutes

10. GOLF COURSE CONSTRUCTION UPDATE- MR. STEVE SARRO

- 10.1. Mr. Steve Sarro stated that the irrigation work is nearing completion, most of the construction staff is gone and the equipment is being hauled off. The final adjustments and touch-ups are now being done.
- 10.2. Many compliments to Landscapes Unlimited and to Mr. Sarro, Ms. Alice Plain and all the staff for an absolutely excellent job. The irrigation work was far less obtrusive than we ever imagined. Mr. Ortiz added that Mr. Sarro did his research and added that hiring Larry Rodgers was the key in the process as well.
- 10.3. Mr. Sarro stated that the pumphouse will have to wait to be finished until the pumps are shut down. The old pumphouse is going to be kept for storage but be remodeled to match the new pumphouse.

11. UPDATE ON THE FORD PARKING TASK FORCE- MR. MIKE ORTIZ

- 11.1. The company of EDAW Inc. has been hired to administer a feasibility study to determine if parking at Ford Park is possible. A group comprised of Town of Vail Staff, VRD Staff, and groups that occupy Ford Park (Foundations, Bravo, and Alpine Gardens) met on July 20th. Director Wilson and Director Hanlon represented the VRD Board at the meeting.
- 11.2. The EDAW group asked questions about the parking and studied the results more in depth. This is a feasibility study, many considerations to look into to see if parking is even possible and if so what the cost might be based on parking needs.
- 11.3. Director Wilson stated that it was obvious to the town and other attendees that there needs to be no loss of recreational amenities.
- 11.4. Director Hanlon stated that this is just a small part of the Ford Master plan process.

12. EXECUTIVE DIRECTOR INPUT

- 12.1. Director Wilson inquired about the construction schedule for the roof replacement. Mr. Ortiz stated the project should be completed by the 1st of November. Mr. O'Connell will do a presentation at the next meeting. The entire project is being funded by the Town of Vail, but the VRD is involved to keep a smooth flow with our operations. We are going to look at the snow removal (on roof) load requirements costs.

RECORD OF PROCEEDINGS

Vail Recreation District August 13, 2009 Meeting Minutes

12.2. Director Wiles questioned about the tennis courts at Manor Vail. Mr. Ortiz stated the VRD re-did the courts last fall and the courts are open to the public and the VRD used those courts for some of the kids courts. The land is the Towns land and the VRD does not control it. Director Wilson questioned if those courts get sufficient use or if other uses would be better and/or if it could be sold to generate funding for capital projects. Mr. Ortiz responded that this decision is ultimately up to the Town.
