## INDEPENDENT AUDITOR'S REPORT

**To the Board of Directors  
Vail Recreation District  
Vail, Colorado**

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the general fund, and aggregate remaining fund information of Vail Recreation District (the "District"), as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audit, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the general fund, and aggregate remaining fund information of Vail Recreation District, as of December 31, 2023, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date that the financial statements are issued.

**INDEPENDENT AUDITOR'S REPORT**  
**To the Board of Directors**  
**Vail Recreation District**

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require the Management's Discussion and Analysis in section B be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**INDEPENDENT AUDITOR'S REPORT  
To the Board of Directors  
Vail Recreation District**

***Required Supplementary Information (continued)***

The budgetary comparison information in section E is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

# Vail Park and Recreation District dba Vail Recreation District

## Management's Discussion and Analysis December 31, 2023

As management of the Vail Park and Recreation District dba the Vail Recreation District ("District"), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended December 31, 2023.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements:** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all the District's assets, liabilities, and deferred inflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e. uncollected taxes and earned but unused vacation leave).

The government-wide financial statements can be found on pages C1 and C2 of this report.

**Fund financial statements:** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds. The District only reports one governmental fund, the General Fund.

**Governmental funds:** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. The governmental funds provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund on page E1 of this report to demonstrate compliance with this budget.

**Notes to the Financial Statements:** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found starting on page D1 of this report.

**Government-wide Financial Analysis**

**Vail Recreation District's  
Net Position**

	<b>Activities</b>	
	<b>2023</b>	<b>2022</b>
<b>Assets:</b>		
Current and other assets	\$ 17,827,616	\$ 14,462,459
Capital assets	7,590,024	7,203,417
<b>Total Assets</b>	<b>25,417,640</b>	<b>21,665,876</b>
<b>Liabilities &amp; Deferred Inflows:</b>		
Current liab & def inflows	7,252,677	5,227,431
Long-term liabilities	-	-
<b>Total Liab &amp; Def Inflows</b>	<b>7,252,677</b>	<b>5,227,431</b>
<b>Net Position:</b>		
Net investment in capital assets	7,590,024	7,203,417
Restricted	389,356	360,579
Unrestricted	10,185,583	8,874,449
<b>Total Net Position</b>	<b>\$ 18,164,963</b>	<b>\$ 16,438,445</b>

A large portion of the District's assets is reflected as net investment in capital assets (i.e. land, buildings, machinery, and equipment). At the end of 2023, capital assets accounted for 42% of the total net position, which the District uses to provide services to its citizens. Accordingly, these assets are not an available source for payment of future spending. Of the remaining net position 3% of the governmental activities annual budget is restricted for use in the event of an emergency.

**Vail Recreation District's  
Change in Net Position**

	<u>2023</u>	<u>2022</u>
<b>Revenues:</b>		
Program revenues:		
Charges for services	\$ 7,069,502	\$ 6,842,858
Operating grants & contributions	-	-
Capital grants & contributions	34,752	32,383
General revenues:		
Property taxes	4,689,884	4,684,392
Other taxes	297,173	280,425
Loss (gain) on disposal of assets	187,900	7,500
Interest and other revenue	585,572	179,227
<b>Total Revenues</b>	<u>12,864,783</u>	<u>12,026,785</u>
<b>Expenses:</b>		
Administration	1,229,394	1,093,266
Sports programs	720,001	586,220
Gymnastics	451,786	386,373
Community programs	667,254	664,984
Public relations	395,023	372,473
Nordic center	977,793	898,331
Ice arena	1,362,864	1,148,353
Golf	4,485,253	4,247,061
Tennis and pickleball	281,734	282,457
Park maintenance	408,675	391,537
Facilities maintenance	158,488	155,330
<b>Total Expenses</b>	<u>11,138,265</u>	<u>10,226,385</u>
<b>Change in Net Position</b>	<u>1,726,518</u>	<u>1,800,400</u>
<b>Net Position - Beginning</b>	<u>16,438,445</u>	<u>14,638,045</u>
<b>Net Position - Ending</b>	<u><u>\$ 18,164,963</u></u>	<u><u>\$ 16,438,445</u></u>

**Governmental activities:** Net position of the governmental activities increased by \$1,726,518 during 2023 after an increase of \$1,800,400 during 2022. In both years the increase is largely due to the District accumulating funds for upcoming capital projects.

**Financial Analysis of the District's Funds**

As mentioned early, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds:** The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, assigned and unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The ending fund balance of General Fund increased by \$1,355,343 during 2023 which is rolled forward for spending in future years.

As of the end of the current fiscal year, the District's general fund reported an ending fund balance of \$10,720,590. Of this balance, \$879,846 is nonspendable, \$389,356 is restricted for emergencies as required by TABOR, \$6,460,000 is assigned for future capital projects, and the remaining \$2,991,388 is unassigned.

**Budget variances:** No budget amendments were required during 2023 as the General Fund finished the year favorable to budget. Details of the variances by department can be seen on page E1 of this report.

**Capital assets:** The District's capital assets increased by \$386,607 as a result of capital additions being greater than depreciation expense and capital deletions. Additional information as well as a detailed

classification of the District's net capital assets can be found in the Notes to the Financial Statements on pages D11 and D12 of this report.

**Long-term debts:** The District no longer has any long-term debt..

**Request for Information**

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Vail Recreation District, 700 S. Frontage Road, E., Vail, Colorado 81657, phone (970) 479-2279.

**NOTES TO THE FINANCIAL STATEMENTS**

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023**

---

**I. Summary of Significant Accounting Policies**

The Vail Park and Recreation District, dba Vail Recreation District (the "District") is a quasi-municipal corporation organized and operated pursuant to provisions set forth in the Colorado Special District Act. The District was established to provide recreational facilities and services within its boundaries. The District is located in Eagle County, Colorado.

On February 13, 1991, the Board of Vail Metropolitan Recreation District passed a resolution to change the name of the District to the Vail Park and Recreation District. On the same date, the Board passed a resolution for the District to do business as the Vail Recreation District.

The financial statements of the District have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP") as applied to government units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies established by GAAP used by the District are discussed below.

**A. Reporting Entity**

The reporting entity consists of (a) the primary government; i.e., the District, and (b) organizations for which the District is financially accountable. The District is considered financially accountable for legally separate organizations if it is able to appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the District. Consideration is also given to other organizations which are fiscally dependent; i.e., unable to adopt a budget, levy taxes, or issue debt without approval by the District. Organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

The District has no component units, and it is not a component unit of any other entity.

**B. Government-wide and Fund Financial Statements**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major fund).

**1. Government-wide Financial Statements**

Government-wide financial statements report on information of all of the non-fiduciary activities of the District. The District's general administration, sports programs, gymnastics, community programs, public relations, outdoor programs, Nordic center operations, golf operations, Dobson Arena, tennis and pickleball, park maintenance, and facilities maintenance functions are classified as governmental activities.

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**I. Summary of Significant Accounting Policies (continued)**

**B. Government-wide and Fund Financial Statements (continued)**

**1. Government-wide Financial Statements (continued)**

The government-wide Statement of Activities reports both the gross and net cost of each of the District's governmental functions. The governmental functions are also supported by general government revenues (property and specific ownership taxes, investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the governmental function. Operating grants and contributions include operating-specific and discretionary (either operating or capital) grants while the capital grants and contributions column reflects capital-specific grants and contributions received.

The government-wide focus is on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

**2. Fund Financial Statements**

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, deferred inflows, reserves, fund equity, revenues and expenditures/expenses. The fund focus is on current available resources and budget compliance.

The District reports the following governmental fund:

The *General Fund* accounts for all financial resources not required to be accounted for in another fund. The District's general administration, sports programs, gymnastics, community programs, public relations, outdoor programs, Nordic center operations, golf operations, Dobson Arena, tennis and pickleball, park maintenance, and facilities maintenance functions are accounted for in the General Fund.

Additionally, the District reports the following fiduciary fund which is not included in the government-wide statements since the resources of the fund are not available to the District:

The *Youth Recreation Private-Purpose Trust Fund* is used to account for a trust established that stipulates only earnings and other revenues, and not principal of the original \$50,000 contribution, may be spent for youth recreation purposes.

dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**I. Summary of Significant Accounting Policies (continued)**

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

Measurement focus refers to whether financial statements measure changes in current resources only (current financial focus) or changes in both current and long-term resources (long-term economic focus). Basis of accounting refers to the point at which revenues, expenditures or expenses are recognized in the accounts and reported in the financial statements. Financial statement presentation refers to classification of revenues by source and expenses by function.

**1. Long-term Economic Focus and Accrual Basis**

Governmental activities in the government-wide financial statements and fiduciary fund financial statements use the long-term economic focus and are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

**2. Current Financial Focus and Modified Accrual Basis**

The governmental fund financial statements use the current financial focus and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that principal and interest on general long-term debt, if any, is recognized when due.

**3. Financial Statement Presentation**

Amounts reported as program revenues include 1) charges to customers and applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

**D. Financial Statement Accounts**

**1. Cash, Cash Equivalents and Investments**

Cash and cash equivalents are defined as deposits that can be withdrawn at any time without notice or penalty and investments with original maturities of three months or less.

Investments are stated at fair value or net asset value. The change in fair value or net asset value of investments is recognized as an increase or decrease to investment assets and investment income.

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**I. Summary of Significant Accounting Policies (continued)**

**D. Financial Statement Accounts (continued)**

**1. Cash, Cash Equivalents and Investments (continued)**

The District generally limits investments to the following type of obligations:

- U.S. Treasury Obligations (maximum maturity of 60 months)
- Federal Instrumentality Securities (maximum maturity of 60 months)
- FDIC-insured Certificates of Deposit (maximum maturity of 60 months)
- Corporate Bonds (maximum maturity of 36 months)
- Prime Commercial Paper (maximum maturity of 9 months)
- Eligible Bankers Acceptances
- Repurchase Agreements
- General Obligations and Revenue Obligations
- Local Government Investment Pools
- Money Market Mutual Funds

**2. Receivables**

Receivables are reported net of an allowance for uncollectible accounts. However, no allowance was established at December 31, 2023, as the District considered all receivables to be collectible.

**3. Property Taxes**

Property taxes are assessed in one year as a lien on the property, but not collected by the governmental entities until the subsequent year. In accordance with GAAP, the assessed but uncollected property taxes have been recorded as a receivable and as unavailable revenue.

**4. Prepaid Expenses**

Payments made to vendors for services that will benefit periods beyond December 31, 2023 are recorded as prepaid expenses.

**5. Capital Assets**

Capital assets, which include land, buildings, improvements, and equipment, are reported on the government-wide financial statements. Capital assets are defined by the District as assets and leasehold improvements with an initial cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets and leasehold improvements are recorded at historical cost. Donated capital assets are recorded at acquisition value at the date of donation.

Capital expenditures for leasehold improvement projects are capitalized as projects are constructed. Interest incurred during the construction phase is expensed as incurred.

As stated in Note V.A., the Town of Vail owns the facilities maintained and operated by the District. The District capitalizes expenditures on the facilities that meet the cost and useful life criteria above as leasehold improvements.

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**I. Summary of Significant Accounting Policies (continued)**

**D. Financial Statement Accounts (continued)**

**5. Capital Assets (continued)**

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	5 - 50
Equipment	5 - 20

**6. Inventory**

Inventory is valued a cost, which approximates market, using the first-in/first-out (FIFO) method. The cost of inventory is recorded as an expense when consumed rather than when purchased.

**7. Compensated Absences**

It is the District's policy to permit employees to accumulate earned but unused vacation benefits. All vacation pay is accrued when incurred in the government-wide financial statements.

**8. Long-term Obligations**

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the governmental activities.

**9. Fund Balance**

The District classifies governmental fund balances as follows:

*Non-spendable* - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.

*Restricted* – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

*Committed* – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority which is the Board of Directors.

*Assigned* – includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Board of Directors or its management designee.

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**I. Summary of Significant Accounting Policies (continued)**

**D. Financial Statement Accounts (continued)**

**9. Fund Balance (continued)**

*Unassigned* - includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The District uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the District first uses committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The District does not have a formal minimum fund balance policy. However, the District's budget includes a calculation of targeted reserve positions and management calculates targets and reports them annually to Board of Directors.

**10. Deferred Outflows and Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District does not have any items that qualify for reporting in this category at December 31, 2023.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resource (revenue) until that time. The District has one type of item which qualifies for reporting in this category. Accordingly, the item, unavailable property tax revenue, is deferred and recognized as an inflow of resource in the period that the amounts become available and earned.

**E. Other Significant Policies**

**1. Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the District's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

**Vail Park and Recreation District

Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**II. Reconciliation of Government-wide and Fund Financial Statements**

**A. Explanation of certain differences between the governmental funds Balance Sheet and the government-wide Statement of Net Position**

The governmental funds Balance Sheet includes a reconciliation between *fund balance – governmental funds* and *net position of governmental activities* as reported in the government-wide Statement of Net Position.

**B. Explanation of certain differences between the governmental fund Statement of Revenue, Expenditures and Changes in Fund Balances and the government-wide Statement of Activities**

The governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances includes a reconciliation between *net change in fund balances of governmental funds* and *changes in net position of governmental activities* as reported in the government-wide Statement of Activities.

**III. Stewardship, Compliance, and Accountability**

**A. Budgets and Budgetary Accounting**

Annually the District's Board of Directors formally adopts a budget with appropriations by fund for the ensuing year pursuant to the Colorado Local Budget Law. The budget for the governmental fund is adopted on a basis consistent with U.S. GAAP.

As required by Colorado statutes, the District follows required timetables in preparing, approving, and enacting its budget for the ensuing year. The following is a summary of the budget calendar for the 2023 budget year:

- (1) For the 2023 budget, prior to August 25, 2022, the County Assessor sent to the District a certified assessed valuation of all taxable property within the District's boundaries. The County Assessor may change the assessed valuation on or before December 10, 2022 only once by a single notification to the District.
- (2) On or before October 15, 2022, the District's accountant submitted to the District's Board of Directors a recommended budget which detailed the necessary property taxes needed along with other available revenues to meet the District's operating requirements.
- (3) For the 2023 budget, prior to December 15, 2022, the District computed and certified to the County Commissioners a rate of a levy that derived the necessary property taxes as computed in the proposed budget.
- (4) After a required publication of "Notice of Proposed Budget" and a public hearing, the District adopted the proposed budget and an appropriating resolution, which legally appropriated expenditures for the upcoming year.

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**III. Stewardship, Compliance, and Accountability (continued)**

**A. Budgets and Budgetary Accounting (continued)**

- (5) After adoption of the budget resolution, the District may make the following changes: (a) it may transfer appropriated monies between funds or between spending agencies within a fund, as determined by the original appropriation level; (b) it may approve supplemental appropriations to the extent of revenues in excess of the estimated in the budget; (c) it may approve emergency appropriations; and (d) it may approve the reduction of appropriations for which originally estimated revenues are insufficient.
- (6) All appropriations lapse at a year-end.

Taxes levied in one year are collected in the succeeding year. Thus taxes certified in 2022 were collected in 2023 and taxes certified in 2023 will be collected in 2024. Taxes are due on January 1st in the year of collection; however, they may be paid in either one installment (no later than April 30th) or two equal installments (not later than February 28th and June 15th) without interest or penalty. Taxes that are not paid within the prescribed time bear interest at the rate of one percent (1%) per month until paid. Unpaid amounts and the accrued interest thereon become delinquent on June 15<sup>th</sup>.

**B. TABOR Amendment - Revenue and Spending Limitation Amendment**

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights ("TABOR"). TABOR contains revenue, spending, tax and debt limitations that apply to the State of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years

TABOR also requires local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be 3% or more of fiscal year spending (excluding bonded debt service) for the fiscal year ended December 31, 2023.

The District has reserved a portion of its December 31, 2023 year-end fund balance in the General Fund for emergencies as required under TABOR in the amount of \$389,356, which is the approximate required reserve.

On May 7, 1996, the District's voters approved the following ballot question: "Shall Vail Park and Recreation District be authorized to collect, retain and spend all revenues and other funds collected from any source, effective January 1, 1996 and continuing thereafter; provided that the District's general property tax levy shall not be increased without voter approval; and shall the revenues be spent for recreational services as a voter-approved revenue change and an exception to the limits which would otherwise apply?"

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**III. Stewardship, Compliance, and Accountability (continued)**

**B. TABOR Amendment - Revenue and Spending Limitation Amendment (continued)**

On May 7, 2002, the District's voters approved the following ballot question: "Shall Vail Park and Recreation District be authorized to collect, retain, and spend all revenues and other funds, received from all sources, including without limitation the District's existing general operating property tax rate of 2.76 mills, which rate shall not be increased without voter approval, commencing January 1, 2002 and continuing thereafter until repealed, to be spent for general operations and capital improvements as a voter-approved revenue change, offset and exception to the limits with would otherwise apply under Article X, Section 20 of the Colorado Constitution or any other law, and as a permanent waiver of the 5.5% limitation under Section 29-1-301, C.R.S.?"

On November 7, 2017, the District's voters approved the following ballot question: "Shall Vail Park and Recreation District ("VRD") taxes be increased by \$1,093,026 in 2018, and by such amounts as may be collected annually thereafter from a total levy of 3.760 mills (an increase of 1.000 mills, resulting in an expected 2018 annual tax increase of \$36 for a house worth \$500,000) for operating and capital expenses, including:

- To reduce the need for VRD to raise fees,
- To address the current major repair backlog to facilities and equipment, and
- To make VRD operations and facilities more environmentally friendly;

With VRD's entire operating mill levy rate subject to adjustment to offset refunds, abatement and changes to the percentage of actual valuation used to determine assessed valuation?"

The District's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions, including the interpretation of how to calculate fiscal year spending limits, will require judicial interpretation.

At December 31, 2023 the District had no authorized but unissued debt.

**IV. Detailed Notes on All Funds**

**A. Deposits and Investments**

The District's deposits are entirely covered by federal depository insurance ("FDIC") or by collateral held under Colorado's Public Deposit Protection Act ("PDPA"). The FDIC insures the first \$250,000 of the District's deposits at each financial institution. Deposit balances over \$250,000 are collateralized as required by PDPA. The carrying amount of the District's demand deposits was \$139,189 at year end.

The District measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

**IV. Detailed Notes on All Funds (continued)**

**A. Deposits and Investments (continued)**

At December 31, 2023, the District had the following recurring fair value measurements:

<u>Investments Measured at Net Asset Value</u>	
COLOTRUST	9,992,194
	<u>9,992,194</u>
Total Investments	<u><u>9,992,194</u></u>

*Interest Rate Risk.* As a means of limiting its exposure to interest rate risk, the District diversifies its investments by security type and institution, and limits holdings in any one type of investment with any one issuer and type of issuer. The District coordinates its investment maturities to closely match cash flow needs and restricts the maximum investment term to less than five years (less in some cases) from the purchase date. As a result of the limited length of maturities the District has limited its interest rate risk.

*Credit Risk.* The District's investment policy limits investments to those authorized by State statutes as listed in Note 1C. The District's general investment policy is to apply the prudent-person rule: investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

*Concentration of Credit Risk.* The District diversifies its investments by security type and institution. Financial institutions holding District funds must provide the District a copy of the certificate from the Banking Authority that states that the institution is an eligible public depository.

*Local Government Investment Pool* – At December 31, 2023, the District had invested \$9,992,194 in the Colorado Government Liquid Asset Trust ("COLOTRUST"), referred to as the Trust. The Trust is an investment vehicle established by State statute for local government entities in Colorado to pool surplus funds for investment purposes, and is registered with the State Securities Commissioner. It operates similarly to money market funds and each share is equal in value to \$1. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions of each pooled investment. The majority of securities owned by the Trust are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify investments owned by the Trust. The Trust investments consist of U.S. Treasury and U.S. agency securities, repurchase agreements collateralized by U.S. Treasury and U.S. agency securities and commercial paper. These investments are not categorized because the underlying securities and commercial paper cannot be determined.

**IV. Detailed Notes on All Funds (continued)**

**B. Capital Assets (continued)**

Depreciation expense was charged to functions of the District as follows:

**Governmental Activities:**

General administration	10,517
Sports programs	15,068
Gymnastics	8,774
Community programs	20,435
Public relations	3,149
Nordic center	28,509
Dobson Arena	48,221
Golf	645,168
Tennis and pickleball	7,587
Food and beverage	14,887
Park maintenance	58,148
<b>Total Depreciation Expense - Governmental Activities</b>	<b>860,463</b>

**V. Other Information**

**A. Management Agreement**

On January 24, 1989, the Town of Vail (the "Town") transferred management and the related revenue and operating costs of operations of all recreational services of the Town to the District. The agreement includes a license for the District to use the recreational facilities owned by the Town. The District is to pay all operating costs of the facilities. The agreement also provides that the Town transfer all personal property and vehicles for use during the lease. The District is to maintain this equipment. The Town is responsible for the debt service on the facilities. This agreement was amended on July 18, 2008 to better define the responsibilities for operations and cost sharing of deferred capital maintenance. The annual lease payments do not represent an exchange-like transaction as management has determined the amount is considerably below market value. Accordingly, a lease asset and lease liability has not been recorded.

On May 3, 1994, the District's voters approved an increase in the District's mill levy and an equal decrease in the Town's mill levy by an amount approximately equal to the amount paid to the District by the Town in 1994.

**B. Risk Management**

The District is exposed to various risks of loss related to workers compensation; general liability, unemployment, torts, theft of, damage to, and destruction of assets; and errors and omissions. In addition, the District is exposed in the ordinary course of business to the risk of injury to persons attending or operating its recreational facilities and events. The District has acquired commercial coverage for these risks and claims, if any, are not expected to exceed the commercial insurance coverage.

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**V. Other Information (continued)**

**C. Conservation Trust**

The District received \$34,752 of Colorado lottery funds during 2023 based upon a formula considering population within the District. The funds are restricted under the State Conservation Trust Fund statutes to acquisition, development and maintenance of parks and recreation facilities.

**D. Youth Recreation Private-Purpose Trust Fund**

In August 1997, the Slaughter family donated \$50,000 principal to remain invested in a trust fund. The income earned on the principal is to be used to provide financial aid to youth to influence the constructive development of leisure and recreation skills. The proceeds from an annual golf tournament fundraiser and other events are accumulated in the fund. The principal and income are being accounted for in a private-purpose trust fund. During 2023, the fund expended \$29,276 in recreation awards. At December 31, 2023, the fund had \$154,527 in investment and other earnings available for awards.

**E. Retirement Plans**

**1. Defined Contribution Pension Plan**

The District offers a defined contribution pension plan which covers all permanent paid employees for the District. The District established this qualified money purchase plan under IRC Section 401(a) and may amend all plan provisions.

Full-time regular employees are eligible to participate in the plan from the date of employment. The District will contribute 7.5% and match 100% of voluntary after-tax employee contributions by employees up to a maximum match of 5%.

Vesting of the District's contributions to the employees is 20% after the first year of employment, with additional vesting of 20% per year through the fifth year, when vesting is 100%. If an employee dies, becomes disabled, or attains age 60, their entire interest in the fund becomes vested; normal retirement age is 60 with early retirement at age 50 and four years of service.

The annual pension cost is the District's contributions less forfeitures from the prior year. The District's plan investments at December 31, 2023 of \$9,524,887 are stated at market value. All earnings, losses, expenses and changes in the fair market value of the trust fund will be apportioned at least annually among the participants in proportion to each participant's current share of the Trust Investment Fund. The District has no liability for unfunded future vested employee benefits.

The trustees and administrators of the plan are the Retirement Board. The Retirement Board determines how the plan's assets are to be invested in adherence to an adopted investment policy statement.

For 2023, the District contributed \$377,880 to this plan on behalf of participating employees.

**Vail Park and Recreation District  
dba Vail Recreation District  
Notes to the Financial Statements  
December 31, 2023  
(continued)**

---

**V. Other Information (continued)**

**E. Retirement Plans (continued)**

**1. Defined Contribution Pension Plan (continued)**

The District may use the plan's forfeitures and administrator allocation to pay the costs of the plan or to fund employer contributions. The portion of the plan investment set aside for forfeited and administrator allowance available for spending at December 31, 2023 totaled \$239,931.

**2. Deferred Compensation Plan**

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all District employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are to be held in trust for the exclusive benefit of the plan participants and their beneficiaries.

Plan investment purchases are determined by the plan participant and therefore, the plan's investment concentration varies between participants.

The District has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor.

**F. Commitments and Contingencies - Legal Claims**

During the normal course of business, the District may incur claims and other assertions against it from various agencies and individuals. Management of the District and their legal representatives feel none of these claims or assertions are significant enough that they would materially affect the fairness of the presentation of the financial statements at December 31, 2023.

**G. Vail Gymnastics Center - Town of Vail**

On March 27, 2005, the District entered into an agreement with the Town of Vail (the "Town") whereby the District will lease and operate Vail Gymnastics Center ("VGC"). The original term of the agreement is for 10 years, commencing January 17, 2005 and terminating March 27, 2015. The agreement was renewed during 2015 for an additional 5 year term and renewed again in 2021 for a 10 year term. The lease can be renewed for 2 additional 5 year terms upon written notice to the Town by the District.

The District will pay the Town an annual rental fee of \$10 for the first two terms of the agreement. In addition, the District will pay the Town \$500 monthly for a Capital Maintenance Fund to help offset the cost of major capital improvements for the VGC. The District is responsible for non-structural, non-capital repair and maintenance of the VGC. The Town is responsible for structural and major capital improvements. The annual lease payments do not represent an exchange-like transaction as management has determined the amount is considerably below market value. Accordingly, a lease asset and lease liability has not been recorded.
